RENT ADDENDUM to LEASE AGREEMENT

THIS RENT ADDENDUM dated March 1, 1998, by and between ABC AMERICAN PROPERTIES FUND, INC., a California corporation as "Landlord", and BURGER TIME ACQUISITION COMPANY, L.L.C., a Georgia limited liability company, as "Tenant", for Best Bruger, Los Angeles, Los Angeles County, California, is attached to and made a part of that certain Lease Agreement by and between Landlord and Tenant of even date herewith (the "Lease"). Notwithstanding any other provision to the contrary which may be contained in said Lease, it is specifically agreed by and between Landlord and Tenant as follows:

1. Commencement of Rent.

On the date hereof, Landlord has simultaneously entered into the Lease with Tenant pursuant to which Tenant has agreed to lease from Landlord the Premises and all improvements now or hereafter constructed thereon. Payment of Interim Rent and Annual Rent shall commence as of the Effective Date as provided herein, notwithstanding that the improvements may not be constructed or complete at that time.

2. Interim Rent.

The terms and provisions of this paragraph (b) shall apply only if a Construction Addendum is attached to and incorporated in the Lease. From and after the Effective Date until Annual Rent shall first become due and payable pursuant to subparagraph (c) below, Interim Rent shall be due and payable in advance monthly installments on the first day of each month. If the Effective Date falls on a day other than the first day of a calendar month, then the Interim Rent for the partial month shall be prorated on a per diem basis on the Effective Date and shall be paid by Tenant to Landlord for such month. For purposes of this Lease, the term "Interim Rent" shall mean an amount equal to the product of (i) three hundred twenty-five (325) basis points over the "Applicable Treasury Rate," which shall be defined as the yield (determined by interpolating, if necessary) for non-callable U.S. Treasuries with a maturity date of twenty (20) years, as quoted in Federal Reserve Statistical Release [H.15(519)] under the heading "U.S. Government Securities-Treasury Constant Maturity" (the "Base Lease Rate"), multiplied by (ii) the amounts theretofore funded by Landlord under the terms of the Construction Addendum and/or are otherwise included in the calculation of Total Cost (as hereinafter defined). Interim Rent for partial months shall be prorated on a per diem basis.

3. Annual Rent

(i) Definitions. Capitalized terms used in the Lease and the Construction Addendum shall have the same meaning, in this Rent Addendum unless otherwise defined. In addition to those terms defined elsewhere in this Rent Addendum, as used herein the following terms shall have the meaning indicated:

"Construction Period" shall mean the period beginning on the Effective Date and ending on the earliest of (i) One Hundred Eighty (180) days after the Effective Date; (ii) the date a certificate of occupancy for the Premises is issued; (iii) the date the restaurant opens for business on the Premises; and (iv) the date Tenant receives from Landlord its final funding of the construction costs for the Project under this Construction Addendum.

"Annual Rent Commencement Date" shall mean the last day of the Construction Period.

"Total Cost" shall mean the sum of (i) the purchase price paid by Landlord for the land comprising a portion of the Premises, plus (il) all approved closing costs of Tenant paid by Landlord, plus (iii) all Landlord closing and acquisition costs, plus (iv) all actual 'hard" construction costs and approved "soft" costs incurred by Tenant and funded by Landlord pursuant to the terms and conditions of the Construction Addendum. Approved closing costs of Tenant and Landlord closing and acquisition costs to be included in Total Cost include such costs as described in the commitment letter between ABC Fund Advisors, Inc. and Burger Time, Inc. dated November 7, 1997.

(ii) Initial Annual Rent. Beginning on the Annual Rent Commencement Date, Tenant covenants and agrees to pay to Landlord Annual Rent in an annual amount equal to the Base Lease Rate which is in effect fifteen (15) business days prior to commencement of Annual Rent multiplied by the Total Cost, payable to Landlord in equal monthly installments in advance, on the first (1st) day of each month. Landlord and Tenant agree that prior to the Annual Rent Commencement Date they will endeavor to establish the Total Cost so that rent payable on the Annual Rent Commencement Date will be known prior to such date. However, if the exact amount of the Total Cost shall not have been finally ascertained prior to the Annual Rent Commencement Date, Tenant shall as of the Annual Rent Commencement Date pay Landlord rent based on an annual rent under the Lease determined by multiplying the Base Lease Rate which is in effect fifteen (15) business days prior to commencement of Annual Rent times $1,013,725.97 (the Funding Limitation set forth in the Construction Addendum), and if, when the exact amount of the Total Cost shall have been ascertained (the "Final Disbursement Date"), such Total Cost is more or less than $1,013,725.97, Landlord or Tenant, as the case may be, shall promptly refund or remit to the other an amount equal to the excess rent paid or the underpayment of rent due. On the Final Disbursement Date, Landlord shall mail to Tenant a statement setting forth a schedule of funds disbursed by Landlord to Tenant under the Construction Addendum; shall compute the Annual Rent payable hereunder; and shall state the excess rent paid or underpayment of rent due. "Annual Rent" shall mean the Annual Rent set forth in such statement and shall constitute the Annual Rent due hereunder.

(iii) Increases in Annual Rent. Commencing on the third (3rd) anniversary of the Effective Date, and on each third (3rd) anniversary of such date thereafter during the term of this Lease (and any extension thereof), Annual Rent shall be increased by an amount equal to the lower of four and 14/100 percent (4.14%) of the Annual Rent payable during the immediately preceding Lease Year or an amount equal to the product obtained by multiplying the Consumer Price Index ("CPI-U") by three (3). The CPI-U will mean the "Consumer Price Index-Seasonally Adjusted U.S. City Average For All Items For All Urban Consumers, (1982-84=100)," published monthly in the "Monthly Labor Review" of the Bureau of Labor Statistics of the United States Department of Labor. If the CPI-U is discontinued, the "Consumer Price Index-Seasonally

Adjusted U.S. City Average For All Items For Urban Wage Earners and Clerical Workers (1982-84=100)," published monthly in the "Monthly Labor Review" of the Bureau of Labor Statistics of the United States Department of Labor (the "CPI-W"), will be used for making the computation set forth above. If the CPI-W is discontinued, comparable statistics on the purchasing power of the consumer dollar published by the Bureau of Labor Statistics of the United States Department of Labor will be used for making the computation set forth above. If the Bureau of Labor Statistics will no longer maintain statistics on the purchasing power of the consumer dollar, comparable statistics published by a responsible financial periodical or recognized authority agreeable to the parties will be used for making the computation set forth above. If the base year "(1982-84=100)" or other base year used in computing the CPI-U is changed, the figures used in making the computation above will be changed accordingly, so that all increases in such price index are taken into account notwithstanding any such change in the base year.

(iv) Partial Months. If the date on which Annual Rent shall first be due and payable shall fall on a day other than the first day of a calendar month, then rent for the partial rental month shall be prorated on a per diem basis on the first Annual Rent payment and shall be paid by Tenant to Landlord for such month.

4. Sales/Use Tax.

Tenant shall also pay to Landlord any sales and use tax imposed on any Rents payable hereunder from time to time by state law or any other governmental entity, which sums are due monthly as to monthly rent payments on the due date of the rent payment under this Lease.

5. Late Charges.

In the event any installment of rent due hereunder (including Interim Rent and Annual Rent) is not received by Landlord within five (5) business days of receipt of a default notice from Landlord with respect thereto, there shall be an automatic late charge due to the Landlord from the Tenant in the amount of five percent (5%) of such delinquent installment of rent; provided, however, in the event rent is not received as of the due date more than three (3) times in any Lease Year, for all subsequent rent payments during such Lease Year, the late charge shall apply as of the due date. All such late charges due hereunder shall be deemed additional rent, and are not penalties but rather are charges attributable to administrative and collection costs arising out of such delinquency. In addition to such late charge, in the event Landlord does not receive rent when due hereunder, interest at the rate of fifteen percent (15%) per annum shall be due and payable with respect to such payment from the date of any applicable period of grace or cure after notice of default is given by Landlord to Tenant until Landlord receives such payment.

6. Payments of Rents.

Except as provided in the following sentence, all Rent payments shall be made by check payable to the order of Landlord and shall be sent to 14400 Erwin St. Van Nuys, California 91401, or to such other place

or places as Landlord or its successors or assigns, respectively, may from time to time designate in writing. In the event Tenant is late in the payment of Interim or Annual Rent on three (3) or more occasions in any twenty-four (24) month period, and if Landlord shall so request, Tenant shall establish arrangements whereby Rent is transferred by wire or other means directly from Tenant's bank account to such account as Landlord may designate.

7. No Abatement.

Unless otherwise stated in the Lease, no abatement, offset, diminution or reduction (a) of Rent, charges or other compensation, or (b) of Tenant's other obligations under this Lease shall be allowed to Tenant or any person claiming under Tenant, under any circumstances or for any reason whatsoever.
